Baltic Aviation Academy

Recommendation for Baltic Aviation Academy

We have been working with Baltic Aviation Academy on many Aviation training projects for B737 CL, B737 NG, B757 and many more in the past and we are sure that we will continue doing so in the future. Our choice is based on the key qualities of the Training Centre, such as professionalism, dedication, reliability and attention to detail. Baltic Aviation Academy maintains an outstanding customer service culture that makes the company really stand out. Whatever the problem, their superior experts' team is always there to help. We would recommend working with Baltic Aviation Academy to any Airline looking for quality services delivered by real professionals in their field. With really competitive pricing and an outstanding expertise Baltic Aviation Academy are the best partners that any Airline could wish for.

Deputy General Director

Flight Director
